# ANNUAL REPORT

OF THE

## CITY OF RUTLAND

### VERMONT

FOR THE

YEAR ENDING DECEMBER 31st, 1901

THE TUTTLE COMPANY  
PRINTERS, PUBLISHERS AND BINDERS  
RUTLAND, VERMONT

# GOVERNMENT

—OF THE—

## CITY OF RUTLAND.

MAYOR.

HON. J. BURTON HOLLISTER.

Office,  
City Hall.

Residence,  
56 So. Main street.

### BOARD OF ALDERMEN.

PRESIDENT.

ARTHUR LYMAN.

Residence, 195 State street.

ALDERMEN.

Ward One.

JAMES E. CREED, . . . 35 East street.  
Term expires 1903.

Ward Two.

MICHAEL GILRAIN, . . . 105 So. Main street.  
Term expires 1902.

## Ward Three.

FRANK R. BLANCHARD, . . . 9 Royce street.  
Term expires 1903.

## Ward Four.

LUCIAN H. MCINTIRE, . . . 86 Center street  
Term expires 1902.

## Ward Five.

FRANK W. GARY, . . . 94 Grove street.  
Term expires 1903.

## Ward Six.

JOHN C. TEMPLE, . . . 37 Summer street.  
Term expires 1902.

## Ward Seven.

HUGH DUFFY, . . . 175 West street.  
Term expires 1903.

## Ward Eight.

FRANK S. MANGAN, . . . 84 River street.  
Term expires 1902.

## Ward Nine.

CARL B. HINSMAN, . . . 58 Crescent street.  
Term expires 1903.

## Ward Ten.

ARTHUR LYMAN, . . . 195 State street.  
Term expires 1902.

## Ward Eleven.

EDWARD POMEROY, Strong's ave., cor. Main street.  
Term expires 1903.

**CITY OFFICERS.**

## CITY CLERK.

HARRY B. WHITTIER, . . . Office, City Hall.  
Residence, 30 West street.

## CITY TREASURER.

WILL L. DAVIS, . . . Office, City Hall.  
Residence, 35 Church street.

## CITY CONSTABLE.

FRANK L. CLARK, . . . Office, City Hall.  
Residence, 49 East street.

## JUDGE OF CITY COURT.

CHARLES L. HOWE, . . . Office, 23 Center street.  
Residence, 96 Church street.

## ASSISTANT JUDGE OF CITY COURT.

WILLIS M. ROSS, . . . Office, Mead building.  
Residence, 104 No. Main street.

## CITY ATTORNEY.

FRED M. BUTLER, . . . Office, Mead building.  
Residence, 50 Prospect street.

## CITY ENGINEER.

ARTHUR C. GROVER, . . . Office, City Hall.  
Residence, 53 Kendall avenue.

## SUPERINTENDENT OF STREETS.

ARTHUR C. GROVER, . . . Office, City Hall.  
Residence, 53 Kendall avenue.

## SUPERINTENDENT OF WATER WORKS.

ARTHUR C. GROVER, . . . Office, 19 Grove street.  
Residence, 53 Kendall avenue.

## OVERSEER OF POOR.

JAMES BEATTIE, . . . Office, City Hall.  
Residence, City Farm, Woodstock avenue.

## CITY PHYSICIAN.

DR. W. G. HODSDON, . . . Office and residence,  
65 Grove street.

## INSPECTOR OF BUILDINGS.

WARNER H. BALDWIN, . . . Office and residence,  
2 East Washington street.

## CITY WEIGHER.

WILLIAM F. BURDITT, . . . Office, Evelyn street.  
Residence, 70 No. Main street.

## SEALER OF WEIGHTS AND MEASURES.

FRANK W. KNAPP, . . . Office, Howe Scale Works.  
Residence, 15 Madison street.

## GRAND JUROR.

HARVEY R. KINGSLEY, . . . Office, Mead building.  
Residence, 73 Pine street.

## CITY LIQUOR AGENT.

EDGAR H. WOOD, . . . Office, 40 Center street.  
Residence, 50 Library avenue.

## PURCHASING AGENT.

H. B. WHITTIER, . . . Office, City Hall.  
Residence, 30 West street.

## CITY MESSENGER.

C. N. CHAMBERLAIN, Residence, 41 Williams street.

## BOARD OF HEALTH.

EDGAR B. MOORE, Health Officer,  
Office Quinn block.

Residence, 63 Chestnut avenue.

DR. S. W. HAMMOND, . . . FRED C. SPENCER,  
RICHARD RYAN,

## CEMETERY COMMISSIONERS.

DON A. WILKINSON, . . . Term expires 1902.  
WM. A. PATRICK, . . . Term expires 1903.  
JAMES P. SAWYER, . . . Term expires 1904.

## POUND KEEPER,

ANDRUS B. ENGREM, Residence, 148 No. Main St.

## ASSESSORS.

FRANK H. CHAPMAN, . . . Term expires 1902.  
WALTER A. CLARK, . . . Term expires 1903.  
JUSTUS R. HOADLEY, . . . Term expires 1904.

## AUDITORS.

JOHN E. MORISON, . . . CHARLES TURNER,  
CHARLES M. LYMAN.

## DRAIN LAYERS.

GEO. F. BROWN, . Residence, 16 Nichols street.  
 W. W. YOUNG, . Residence, 17 Engrem avenue.  
 W. H. FIELD, . Residence, 59 Chestnut avenue.  
 J. H. ALLEN, . Residence, 74 School street.  
 N. C. DYE, . Residence, 41 Summer street.  
 EDWARD McCUE, . Residence, 73 Meadow street.  
 WILLIAM HICKEY, . Residence, 143 Strong's avenue.

## COMMISSIONERS OF SINKING FUND.

JOHN A. MEAD, . . . Term expires 1902.  
 M. QUINN, . . . Term expires 1903.  
 GEO. R. BOTTUM, . . . Term expires 1904.

## TRUSTEE OF UNITED STATES DEPOSIT FUND.

GEO. R. BOTTUM.

## STREET COMMISSIONERS.

ALDERMEN JAMES E. CREED,  
 FRANK R. BLANCHARD,  
 EDWARD POMEROY.

## FENCE VIEWERS.

ANDRUS B. ENGREM, . Residence, 148 No. Main St.  
 GEO. C. THRALL, . Residence, 140 No. Main St.  
 FRED W. HAYWARD, . Residence, 241 So. Main St.

**POLICE DEPARTMENT.**

## CHIEF.

JOHN W. BLANCHARD, . Office, City Hall.  
 Residence, 197 No. Main street.

## PATROLMEN.

JOHN W. BLANCHARD, . JOHN P. CLIFFORD,  
 THOMAS C. ELWORTH, . JOHN TAUGUAY.

## SPECIAL POLICEMEN.

Henry R. Adams,	Fred A. Gleason,
Patrick H. Barrett,	Frank O. Hickey,
Charles W. Bernell,	Fred C. Ives,
John W. Brislin,	George Keiley,
Ephraim Bergeron,	Martin Kennedy,
Charles H. Bourgeois,	Fred B. LaDuke,
Fremont J. Bourne,	James H. Mason,
Chas. N. Chamberlain,	James McIvor,
Bartley Costello,	Peter J. Mullee,
David M. Crafts,	Matt. Newcomb,
Thomas A. Dyer,	Fred F. Raymond,
Patrick H. Farrell,	Alfred Rousseau, jr.,
David P. Flanders,	Charles Sargent,
Patrick J. Foster,	Rodney E. Shaw,
Samuel Geno,	Patrick F. Sullivan,
John Gilman,	Miles Welch,
James P. Gilrain,	William Whay,
	George L. Young.

## FIRE DEPARTMENT.

### CHIEF ENGINEER.

GEORGE W. DUNTON, Office, Central fire station.  
Residence, 49 North street.

First Assistant, . . . John F. Corey.  
Second Assistant, . Charles E. McDermott.  
Third Assistant, . . . Albro L. Frost.  
Fire Marshal, . . . James C. Dunn.  
Supt. of Fire Alarm, . Raymond D. Beals.

### FIREMEN.

Henry A. Barrett,	George W. Morse,
Wm. M. Blanchard,	John J. O'Brien,
Merrill J. Coates,	Chas. W. Pennington,
Daniel A. Cocklin,	Albert S. Phillips,
James T. Cocklin,	Thomas P. Reilley,
Joseph A. Courselle,	John P. Ready,
James E. Creed,	Rodney E. Shaw,
Andrick C. Gravelle,	Burt H. Stickney,
Matthew McDevitt,	Elbridge H. Wood,
Nelson A. Malmgrem,	Frank H. Wood.

## BOARD OF SCHOOL COMMISSIONERS.

### PRESIDENT.

EGBERT C. TUTTLE, Residence, 2 Nickwackett St.

### CLERK.

WILLARD A. FRASIER, Residence, 51 Chestnut Ave.

### COMMISSIONERS.

#### Ward One.

HENRY H. ROSS, . . . Term expires 1903.  
Residence, 18 So. Main street.

#### Ward Two.

JAMES D. WINSLOW, . . . Term expires 1904.  
Residence, 1 East Washington street.

#### Ward Three.

FRED C. ATHERTON, . . . Term expires 1903.  
Residence, 28 Madison street.

#### Ward Four.

EGBERT C. TUTTLE, . . . Term expires 1904.  
Residence, 2 Nickwackett street.

#### Ward Five.

CHARLES A. GALE, . . . Term expires 1902.  
Residence, 43 West street.

#### Ward Six.

JOEL C. BAKER, . . . Term expires 1904.  
Residence, 35 Summer street.

## Ward Seven.

JAMES PURCELL, . . . Term expires 1902.  
Residence, 8 Meadow street.

## Ward Eight.

MICHAEL R. WELCH, . . . Term expires 1903.  
Residence, 102 Forest street.

## Ward Nine.

CHARLES KRANS, . . . Term expires 1904.  
Residence, 179 Grove street.

## Ward Ten.

JOHN HULIHAN, . . . Term expires 1903.  
Residence, 447 West street.

## Ward Eleven.

GEORGE H. BAKER, . . . Term expires 1902.  
Residence, 73 Park street.

## SUPERINTENDENT OF SCHOOLS.

W A. FRASIER, . . . Residence, 138 Church street.

## TRUANT OFFICERS.

FRANK L. CLARK, . . . Residence, 49 East street.

JOHN W. BRISLIN, . . . Residence, 104 South street.

E. S. WHITTAKER, . . . Residence, 13 Royce street.

**WARD OFFICERS.**

## Ward One.

Ward Clerk, Charles H. Weed.  
Inspectors of Election, Wayne Bailey, Willard W.  
Eggleston, James P. Corcoran.

## Ward Two.

Ward Clerk, Peter J. Mullee.  
Inspectors of Election, James D. Winslow, George  
L. Young, James Welch.

## Ward Three.

Ward Clerk, William L. Sargeant.  
Inspectors of Election, Matthew Hussey, Charles  
D. Eastman, Louis Valiquette.

## Ward Four.

Ward Clerk, Winthrop L. Davis.  
Inspectors of Election, Asa R. Mairs, George W.  
Eaton, William M. Stearns.

## Ward Five.

Ward Clerk, James C. Dunn.  
Inspectors of Election, Frank H. Chapman, Walter  
Farnsworth, John H. Pennington.

## Ward Six.

Ward Clerk, Frank O. Dunton.  
Inspectors of Election, Harvey R. Kingsley, Rollin  
W. Kenyon, John Gilman.

## Ward Seven.

Ward Clerk, Thomas F. King.

Inspectors of Election, Patrick Hurley, James A.  
Sheridan, Geo. C. McCloy.

## Ward Eight.

Ward Clerk, Martin G. McCormack.

Inspectors of Election, George H. Martin, Thomas  
Cannon, jr., David M. Crafts.

## Ward Nine.

Ward Clerk, Henry C. Farrar.

Inspectors of Election, Fred A. Gleason, Clarence  
O. Edson, Charles H. Harrison.

## Ward Ten.

Ward Clerk, John W. Thompson.

Inspectors of Election, Archie J. Courselle, Levi E.  
Matthews, Patrick Purcell.

## Ward Eleven.

Ward Clerk, J. Burt Maranville.

Inspectors of Election, Fred W. Hayward, James  
H. Lincoln, W. J. Cleveland.

## REPORT OF

**THE MAYOR.***To the Citizens and Taxpayers of Rutland:*

This has been a year of extraordinary expenses. The city hall was burned on the night of the twenty-fourth of March, and most of the furniture therein. The men and horses in fire station number one and all the city officers were literally turned out into the street. The city records and what property was saved from the fire had been scattered about during the fire in various places. Search was at once begun to find a place where the city business might go on. A place was found in the vacant store in the Bardwell house block. Into this store was gathered the records and other property saved from the fire, the city clerk, the city treasurer, the board of assessors, the board of aldermen, the engineer's office and the police force. The mayor's office was also in this store wherever there was a vacant chair. An extra janitor was hired to guard the city records and other property night and day, and here the business of the city was continued. Notice was immediately given to the several insurance companies that had issued policies on the city hall. Milo Lyman was appointed an adjuster on the part of the city and William Kelley of Albany on the part of the insurance companies.

These adjusters agreed and reported that the insurance companies should pay to the city \$11,-547.40 in full settlement of the loss.

The insurance being settled, now comes the question what shall be done ?

The city business could not long be done in these cramped quarters. Fire station number one was entirely useless. Pending the decision of the question of what should finally be done with the city hall, a temporary roof was built over the whole of the building under the direction of Milo Lyman. When the temporary roof was completed, and the rubbish caused by the fire had been cleared away and some necessary repairs had been made, the firemen, horses and property belonging to station one and the officers of the city returned to the places from which they had been driven by the fire. The mayor's office was surrendered to the chief engineer and the business of the city went on as usual.

The city council now entered carefully upon the consideration of what should be done about the old city hall. We found this state of facts: The fire department, station one, was inadequate for the needs of the fire department; that there was no proper place to store the fire steamer; that there needed to be room for another team for the hook and ladder truck, and more and better accommodation for the firemen. We found that the city was paying \$300.00 for rent of office for superintendent of waterworks, and \$360.00 for the rent of store for the liquor agency. We further found by measurement that there was ample floor space in the old building to provide good offices for the superintendent of waterworks, the liquor agency, and ample room for the fire department and all the

other officials of the city when the old building was properly reconstructed. The city council decided to rebuild the old city hall for the exclusive business of the city, leaving out the audience room. Architects were invited to furnish plans for rebuilding upon this line.

Architect Arthur H. Smith presented plans which were accepted by the city council, and he was employed to furnish working plans, and to superintend the work.

The city council by vote directed the city clerk to advertise for sealed proposals for doing the work according to the plans and specifications of the architect. Contracts for the work have been awarded as follows :

General contract to John F. Germain	
for . . . . .	\$24,765 00
Heating and plumbing contract to F.	
Tracy for . . . . .	3,591 00
Electric wiring contract to F. L. Paul-	
son for . . . . .	940 00
Gas piping contract to G. W. Pratt &	
Co. for . . . . .	300 00

Contractor Germain gave notice that the building must be vacated at once so that he could begin his work.

The city offices and fire department station one must move again. Where?

Two rooms were rented in the Bardwell house, one for the engineer and one for the board of aldermen and the police. A vacant store on Evelyn street was rented for the city clerk and the city treasurer. The city records were taken to this room and put in charge of a reliable night watchman.

The fire steamer was stored on the premises of the Patch Manufacturing Co.

The horses and some of the firemen were provided for in Mr. George T. Chaffee's barn on Main street, and a temporary addition was built on Nickwackett hose house for the hook and ladder truck.

The business of the city has gone on in these widely separated places since about the 15th of August.

The new office building is nearing completion, and soon all departments of the city business can be gathered into commodious, well heated and well lighted apartments, under one roof in the best location in the city for the city business.

I congratulate you, the people, that you will soon be able to gather all your official family into your own house.

#### BONDS.

How shall the money to do this work be provided? By levying a special tax for this purpose or by the sale of bonds? The city council decided to issue \$20,000.00 of thirty-year bonds bearing  $3\frac{1}{2}$  per cent. interest under authority of the vote and resolution hereto annexed.

WHEREAS, by section 1 of act No. 285 of the acts of 1894, it is provided that

"Whenever the legal voters of the city of Rutland shall give authority to the city council of said city to pledge the credit of said city for any purpose, the said city of Rutland shall have the power and authority to issue its negotiable orders, warrants, or bonds, with interest coupons attached, to the amount for which the legal voters aforesaid have given authority to so pledge the credit of the

city, payable at such times and at such rate of interest as shall be established by said vote; or, if the same is not fixed by said vote, such as shall be established by resolution of said city council," and

WHEREAS, the legal voters of the city of Rutland, at the annual city election duly warned and holden March 7, 1899, voted to give authority to the city council to pledge the credit of the city to an amount not to exceed twenty thousand dollars (\$20,000.00) for the purpose of improving the city hall, the excess, if any, to be placed in the sinking fund, therefore

*Be it Resolved* by the board of aldermen now in session as follows:

That the mayor and city treasurer of said city of Rutland do issue not to exceed twenty thousand dollars (\$20,000.00) in bonds to be known as City Hall bonds, to be signed by the mayor and city treasurer and countersigned by the city clerk, in denominations of one thousand dollars (\$1,000.00) payable in thirty years from date with semi-annual interest coupons attached, at not more than  $3\frac{1}{2}$  per cent. per annum, principal and interest payable at such place in the city of Boston as shall be designated in the bonds in gold coin.

*Resolved*, that for the due payment of the principal of said bonds when they shall become due, there be a sinking fund established by taxation under the provisions of the charter of said city, at a sufficient rate per cent. annually to pay said bonds at the maturity thereof.

The city council directed the city clerk to advertise for sealed bids for these bonds. Several bids were received. The Rutland Savings Bank was the lowest bidder and the bonds were sold to this bank for a premium of \$954.00.

## THE RIPLEY BRIDGE.

Complaint was made early in the season about the safety of this bridge. The city engineer made a careful examination, and found that it was unsafe. The bridge was at once closed to travel. It was decided also, after a critical examination for this purpose, that the bridge was in such condition that it would not pay to repair it. The city council directed the city clerk to advertise for bids for a steel bridge to be built according to the plans and specifications furnished by the city engineer. The American Bridge Co. was the lowest bidder, and the contract was awarded to this company for \$2,750.00. The city is to furnish and lay the plank for the floor.

Whoever has read this report so far, must be convinced, I think, that "this has been a year of extraordinary expenses."

Here are contracts amounting to \$32,346.00 for new and unexpected work, and this is not all by several thousand dollars of the extra expense caused by the fire and rebuilding the bridge.

## PUBLIC LANDS.

The school lot on North street has been sold this year for \$575.00, and the house and lot on North Main street for \$400.00. The house and lot on Woodstock avenue and the school lot on Killington avenue ought to be sold and taken into the tax list. The title to the Hilliard house on Terrill street is in dispute and a suit has been commenced to decide to whom the property belongs.

## LIGHTS.

The contract with the Rutland City Electric Co. will expire on the first of February next. The

old contract has been modified by providing for somewhat lower rates, and much better service, and, as modified, has been extended for two years and six months to August 1, 1904.

## RECOMMENDATIONS.

The public works of the city—the streets, the sewers and water system by the charter, are under the management of committees, elected every year by the board of aldermen. It happens that these committees are for the most part new men every year. Under this plan there can be no systematic, continuous or intelligent care of the public works, or comprehensive plan in their management. Our water system especially is too costly, too necessary to the health, the convenience and comfort of too many people to be left to such temporary management. I therefore recommend that the Legislature at its next session be asked to create for this city a board of public works, to be elected, or appointed for a term of years, and selected for their special fitness for this work.

## VACANCIES IN BOARD OF ALDERMEN.

The city charter provides that when an alderman moves out of his ward his seat shall be vacant, but it does not provide any way by which it can be ascertained when he has moved out of the ward. The alderman from the fourth ward has not attended a meeting of the board since January 5, 1901, but still claims, as far as I know, to be a resident of the ward. If it is important that the people of any ward should be represented on the board, it is important that a way should be provided by which such representation can be secured. I therefore recommend that the charter be amended

so as to make voluntary absence from the meetings of the board for an unreasonable time a cause of vacancy, and that a way be provided by which such vacancy can be filled.

#### PAY OF THE ALDERMEN.

Section four of the city charter provides that "No member of the board of aldermen shall receive any compensation for official services." I consider this false economy. It is an attempt on the part of the corporation to get faithful service without compensation. Or, in other words, to get something for nothing. I therefore recommend that section four be amended so that each alderman shall receive ——— dollars for each meeting of the board he attends. The whole pay for the year for each alderman not to exceed ——— dollars. Fill these blanks with a reasonable sum and I believe the city will receive much better service from the legislative branch of its government.

The reports of the heads of the various departments of the city government presented herewith contain all the information I have about these departments. I refer you to these reports for a more complete understanding of city affairs.

Respectfully submitted,

J. B. HOLLISTER, Mayor.

## REPORT OF THE

# CITY TREASURER.

*To the Honorable City Council:*

GENTLEMEN:—In accordance with the city ordinances, I have the honor to submit this report of the city treasurer for the fiscal year ending December 31, 1901:

#### RECEIPTS.

Taxes received by the city treasurer...	\$120,912 07		
F. L. Clark, collector.....	4,807 74

NOTE.—Balance January 1, 1902, in city treasurer's hands on this account to credit of school board, \$5,708.91.

## REPORT OF THE SINKING FUND COMMISSIONERS

TO THE HONORABLE CITY COUNCIL :

The following statement shows the condition of the sinking fund of the city of Rutland for the year ending January 1, 1902 :

Balance on hand as per last report,	\$48,184 44
Received interest for the current year, \$1,654.76, less paid on account pre- miums, \$147.55, - - -	1,507 21
Received special fund on account water bonds, - - - -	500 00
Received sinking fund for 1901, -	8,500 00
	\$58,691.65

We have in our hands, cash  
and investments as follows :

City of Rutland, 4 per cent loan, - - -	\$ 7,000 00
U. S. Government, 3 per cent bonds, - - -	19,400 00
City of Rutland, 4 per cent bond, - - -	1,000 00
N. Y. C. & H. R. Ry. bonds, 3 1-2 per cent, 21,000 00	
Deposit Rutland Savings Bank, - - -	986 15
Cash on hand, - - -	9,305 50
	\$58,691 65

JOHN A. MEAD,	}	Sinking Fund Commissioners.
M. QUINN,		
GEO. R. BOTTUM,		

## REPORT OF THE TRUSTEE OF PUBLIC MONEY

TO THE HONORABLE CITY COUNCIL:

I herewith submit a statement showing the condition of the funds in my hands for the current year ending January 1, 1902:

May 4, 1901, received from John L. Bacon, treasurer of the state, -	\$1,473 30
Received interest, - - -	16 23
	\$1,489 53

### ASSETS.

City of Rutland bond 1924, 4 per cent, - - -	\$1,000 00
Premium on same, - - -	150 00
Deposit Rutland Savings Bank, - - -	324 38
Cash on hand, - - -	15 15
	\$1,489 53

GEO. R. BOTTUM,  
Trustee United States Deposit Money.

**REPORT OF THE**  
**CITY ENGINEER,**  
**ALSO**  
**SUPERINTENDENT OF STREETS AND**  
**WATER WORKS.**

*To the Honorable City Council :*

GENTLEMEN : The report concerning the work accomplished by your engineering, street, sewer and water departments during the year 1901, is herewith respectfully submitted.

ENGINEERING.

Like all the departments which were located in city hall at the time of the fire, our labor has been materially handicapped by the loss of our convenient and well equipped office. Fortunately, however, all of the notes and many of the plans were removed from the office before the fire reached it. The card indexes, which were partially destroyed, have been reproduced and completed to date. Also, some of the plans which were destroyed have been replaced, but there is yet considerable drafting to be done in order to make our records as complete as formerly. Such work can be executed better and more rapidly after we are located in permanent quarters again.

STREET LINES AND GRADES.

The following table gives the street lines and grades which have been established by the street committee during the year :—

Street.	From	To	Date of hearing	No. ft. established	
				Line	Grade
Chaplin St....	Former end....	500 ft. east....	Jan. 12..	500	500
First St	Granger St ...	614 ft. west. ...	Jan. 12..	614	614
Freeman St....	Stratton Rd....	1000 ft. east ...	Aug. 17.	1,000	1,000
Gilrain Ave....	Stratton Rd....	710 ft. east....	Aug. 17.	710	710
Library Ave....	Cleveland Ave	Water St.....	Aug. 17	300	250
Merchants row	West St .....	Washington St	Nov. 2..		1,100
Pierpoint Ave.	City Park.....	East Creek ...	Jan. 12..	2,423	2,423
Strong's Ave....	Washington St	Madison .....	Nov. 2..		969
Washington St	Merchants row	Wales St.....	Nov. 2..		270
Wood Ave....	Church St. ...	Pearl St....	Jan. 12..	563	563
Total.....				6,120	8,409

A right of way has been condemned for a trunk sewer from Grove street to North street; and also the east line of Strong's avenue, south of Clover street, has been somewhat changed.

RECORD OF IMPROVED STREETS.

\*Exclusive of pent roads

BRIDGES.

The Ripley bridge, which has been in a delapidated condition for a number of years, was condemned and closed to traffic April 25. Since

then a steel bridge has been designed by Edwin D. Graves, C. E., of Hartford, Conn., and is being constructed by the American Bridge Co. of New York. The adopted design is the one which gives the greatest rigidity with the amount of material used. This bridge will probably be ready for traffic within a few weeks. The other bridges are in good repair except the foot bridge and the State street bridge, which should be painted as soon as possible. I would also recommend that the stairways of the foot bridge be roofed over.

#### RECORD OF SEWERS CONSTRUCTED.

Total length of sewers December 31, 1900,	132,102
Total length of sewers constructed in 1901,	7,167
	<hr/>
	139,269
Total length of sewers abandoned in 1901,	1,367
	<hr/>
Total length of sewers December 31, 1901,	137,902

#### HOUSE CONNECTIONS.

Permits have been granted for connecting the drains from sixty-seven houses to the city sewers.

#### PARKS.

Nothing had been done towards improving our parks for two or three years, but the branches of the trees were growing so thick and crooked that unless trimmed the trees themselves would soon have been dead or ruined. Consequently, we have cut out the superfluous and gnarled branches and trees from the south park on Main street. All the other trees in the parks and along the sidewalks need to be trimmed.

#### STREET DEPARTMENT.

We have received many compliments during the past year concerning the number and quality of our improved streets. Now that such a good beginning has been made since the organization of the city, let us hope and expect that each year there will be one or more miles of improved roads added to the amount without increasing our tax rate or bonded indebtedness. The work this year has cost much more than for many years on account of the higher price of material and labor of all kinds.

I have been assisted by Mr. C. F. Willis in executing the work of this department.

#### STREET IMPROVEMENTS.

We have macadamized nearly two miles of roadway ; all of which has been thoroughly drained and well constructed. We were unable to finish Convent avenue on account of the cold weather, consequently that street should be completed as early as possible in the spring. A Telford foundation has been placed under the Strongs avenue roadway from opposite the south side of Royce street about 200 feet northerly. The former roadway on Strongs avenue sloped easterly, so that all the storm water flowed into the east gutter. We have changed the form into a rounding section, in hopes that the new roadway will last longer than the old one did. We have constructed a combined tile and blind drain in each gutter of East Center street from the wells westerly to the east side of Main street; and also in the south gutter of Convent avenue from the well easterly to the west side of Forest street. Similar drains have been built

across South Main street roadway; one about every twelve feet from Curtis avenue 300 feet northerly.

TABLE No. 1.  
MACADAM WORK IN 1901.

Street	From	To	Length in feet.	No. loads of stone.	No. square yards.	Cost o labor.
Convent Av.	Forest.....	Meadow.....	580	459	1572	\$571 87

So. Main.....	Strong's Av.	325 ft. south...	325	173	721	191 40
Total .....			10282	6843	25377	\$7,818 77

The stone used on South Main street was taken from a ledge belonging to Ezekiel Eddy on Cold River road. All the other streets were macadamized with stone from the North Main street quarry.

#### CATCH BASINS, ETC.

Catch basins and wells have been built as follows: Ten on Strong's avenue, two on each side at Moon brook, one on the east side about 200 feet south of Moon brook, one on the east side at Hopkins street, and three on the west side north of Moon brook; six on South Main street between Madison and Clover streets; one on Lincoln boulevard at Roberts avenue; one on Furnace street at the foot bridge; one on Spruce street, near the railroad round-house; one on the south side of Convent avenue; two on Mansfield place; one on the north side of Royce street; two on the corner of Meadow and South streets; two on the corner of River and Meadow, and one on the corner of Granger and South streets.

#### SEWER CONSTRUCTION.

About one and one-half miles of sewers have been built, making a total of fourteen miles of sewers which have been constructed since the city was organized. We now have in use only about twelve miles of sewers which were constructed by the village, and nearly all of those were well built and consequently are in good repair. While the new sewers in Granger, South and Spruce streets were needed, and are a great improvement, yet it is doubtful if they entirely remedy the storm water difficulty which exists in that section on account of the insufficient size of the trunk sewer into which those sewers drain. A storm drain should be constructed to relieve that trunk sewer and its tributaries. If the house drains and plumbing were water tight, as they should be, from the sewer to the height of the fresh air inlet, no water could get from the sewers into the cellars; but evidently such is not always the case. Consequently, following the advice of the city attorney, and with the approval of the street committee, some of the owners of property where the drains and plumbing were known to be defective were notified that they would be allowed a certain time in which to repair the drainage of their premises or else have the connections cut from the city sewers so that no water could run from the sewers back into their cellars. We were delayed in this matter until after the ground was frozen, and so nothing has been done.

Trunk sewer No. 2 has been connected at the corner of Meadow and School streets with the old cobble stone sewer extending from that point to the creek. That will relieve the sewers of that section considerably during heavy rains.

TABLE No. 2.

## STREET SIGNS AND CITY LINE MARKERS.

Street signs have been placed at all of the street intersections, but, being insecurely tacked, a number of them are down. Those will soon be replaced in a more permanent manner. They are a great convenience to everyone and should be renewed whenever necessary.

Markers have been set on the city line or its projection where it comes to or crosses each street that it intersects.

## ACCOUNT OF LABOR IN STREET DEPARTMENT.

Total amount expended on streets,	- \$17,078 41
“ “ “ sewers,	- 7,914 89

## WATER DEPARTMENT.

Mr. J. M. Davis has been my assistant in this department during the year.

The frost was so deep in the ground last winter that a number of service pipes and three mains were frozen. Most of those that were crooked were thawed by digging to them in places and using hot water; but the ones that froze last were thawed by electricity. That was our first trial of the current for that purpose and we were much pleased with the results. It is a great improvement over all other methods on account of its simplicity, rapidity and small cost where the necessary current is within a few hundred feet of the frozen pipe.

EXTENSIONS, HYDRANTS AND HOUSE CONNECTIONS.

New hydrants have been located as follows:  
One at the Columbian Marble mill, one at the cor-

ner of Engrem avenue and South Main street, one at the corner of Clover street and Strong's avenue, one on West street near the old Catholic cemetery and one in the rear of the cemetery near Moseley & Stoddard's new mill.

The old hydrant on Hopkins street has been removed. Four hydrants have been broken and replaced with new ones. The one at the corner of State and Grove streets has been taken from the southeast and set on the northeast corner of those streets.

All the hydrants which have been put in this year are arranged with a valve in order that the hydrant may be repaired when necessary without shutting the water from the main pipe. Also, all that have been purchased this year are provided with an independent cut-off in each nozzle.

A number of the drips which didn't drain properly have been repaired and connected with sewers wherever possible.

#### VALVES SET IN 1901.

Total - - - - -		21

Forty new service pipes have been put in and nine old ones relaid. Also twenty-five services have been changed from the old to the new mains. Two stand pipes and one drinking fountain have also been connected to the mains. In doing this work we have laid 40 feet of three inch cast iron pipe and 12 feet of two inch, 57 feet of one inch and 1997 feet of three-fourths inch galvanized iron pipe. We have also repaired fourteen leaks in the mains and forty-three in the service pipes.

The water mains should be extended so as to accommodate the residents of the outlying districts. The water distributed west of East creek is nearly all conveyed in an eight inch pipe crossing under the creek at West street. Consequently, in order to insure water to that section of the city at all times, another large pipe should be laid this coming year connecting the mains on the west side with the ones on the east. Then, within a few years, a third connecting main should be laid across the creek.

At the head of the water works the two large mains should be connected; and at the Gleason head the reservoir should be rebuilt.

## REPORT OF THE OVERSEER OF THE POOR.

To the Honorable City Council:

Herewith I submit my report as overseer of the poor for the year ending December 31, 1901. The ordinances require a statement of the number of persons assisted, their names and nationalities, and the amount of assistance received by each; and the statements in this report show these requirements.

#### TOTAL EXPENSES.

Expenses for outside poor, including small pox case..	\$1,851 06
City physician, Dr. W. G. Hodsdon....	171 00
Repairs on buildings.....	93 60
Overseer's salary.....	600 00
Expenses at city farm.....	2,524 87
	<u>\$5,240 53</u>

Included in which amount is the sum of \$304.31 paid out of the general fund and which was not paid through me.

The expenses as shown by monthly reports are as follows:

January.....	\$ 487 53
February.....	359 52
March.....	372 28
April.....	426 27
May.....	350 37
June.....	293 22
July.....	458 90
August.....	329 90
September.....	667 54
October.....	406 50
November.....	319 51
December.....	464 68

\$ 4,936 22

Not including the \$304.31 paid out of general fund.

From the above amount, in order to show the actual expenses during the year, there should be deducted \$179.44, moneys collected by me and paid into the city treasury as follows:

From town of Bridport, account Marshall Broughton	\$ 35 75
From city St. Albans, account Mrs. Day and Mrs. Gero	11 35
From J. W. Brislin, guardian account, Kitty Fagan	52 00
From town of Bristol, account George Noyes	8 00
From John P. McLaughlin, cow pasturing	10 00
From Myron Stratton, cow pasturing	10 00
From boarding old man	15 00
From potatoes sold	37 34
	<u>\$ 179 44</u>

The Reed place on North Main street has been sold by the city during the year for \$400. This money was paid into the general fund, but, in fact, it is a partial reimbursement for the care of Mr. and Mrs. Reed for the last years of their life. The place was deeded to the town of Rutland for the purpose of repaying as far as it would go the expenses the town and city would be to in their care, so that what was received ought really to be considered as a reduction of expenses of the overseer for former years.

There are also claims due the city on account of aid furnished paupers chargeable to other towns, and other sums as follows:

From Brandon, account Mrs. Edward Tennien	\$ 11 25
From Castleton, account Mrs. Monroe	3 00
From Castleton, account Chauncey Higgins	33 25
From Castleton, account Mrs. Francis Sherman	9 00
From Castleton, Miss Rena Clark, small pox	304 31
From Mendon, Mrs. Stephen Reynolds	211 00
From Mendon, Mr. Stephen Reynolds	330 00
From Mendon, Mrs. James I. Hunter	3 00

From St. Albans, burial Pascal Drowns' two boys	15 75
From Michael Cain, balance pasturing	5 00
From T. W. Moloney, guardian, Mrs. James Cusick	116 00
From town of Rutland, account Mrs. George Noyes	3 00
From Frank V. Dunklee, rent Reed place	20 00
From Owen Reardon's estate	16 50

## INMATES OF THE CITY FARM.

On January 1st, 1902, there were sixteen inmates at the city farm whose names, nationalities and ages are as follows:

NAME.	NATIONALITY.	AGE.
John Sullivan	Irish	77
Ashel Stratton	American	70
Michael Conlon	Irish	66
Elmer Bond	American	28
Frank Danslo	French	34
George C. Gates	American	
Allen Taylor	American	33
Patrick Hickey	Irish	47
Mrs. Ann Harrigan	Irish	68
Mrs. George Ellis	American	39
Mrs. Cato Williams	American (colored)	74
Mrs. Wm. Hinckley (sick)	American	40
Miss Sarah Ellis (cripple)	American	17
Miss Mabel Litchfield	American	6
Charles Hinckley	American	7 mo.
Mrs. Edith E. Gates	American	29

Average at city farm during the past year, twenty-four, an increased average of three over last year.

## DISCHARGED FROM CITY FARM.

Eleven persons were discharged from the city farm during 1901. Their names, ages and nationalities, also reasons for discharge, are as follows:

NAME.	AGE.	NATIONALITY.	REASON.
Levi Williams.....	45	American (colored)	Smallpox. Found work.
James Bruten.....	90	Irish.....	Gone to live with son.
Miss M. E. Cook...	70	American.....	Gone to live with relations.
Tim O'Mara.....	70	Irish.....	Gone to live with relations.
Harold Higgins....	6	American.....	Gone to live with grandmother.
Catherine Higgins..	4	American.....	Gone to live with grandmother.
Baby Higgins.....	1	American.....	Gone to live with grandmother.
Mrs. John Corbett..	70	Irish.....	Gone to Brattleboro Retreat.
James Quow.....	65	American (colored)	Gone to Brattleboro Retreat.
Mrs. Howard.....	35	American.....	Gone to N. Y. state.
Michael Flanery...	70	Irish.....	Gone to work

## THE INSANE POOR.

Nine persons have been committed to the Brattleboro Retreat at the expense of the city, being four more than the previous year. Their names, nationalities and ages are as follows:

NAME.	NATIONALITY.	AGE.
Mrs. Mamie A. Elmore....	French American.....	22
Mrs. Harriet E. Knapp....	American.....	40
Miss Bridget Mitchell....	Irish.....	45
Mrs. Ellen Corbett.....	Irish.....	74
Mrs. Mary E. Larkin.....	Irish American.....	35
James Quow.....	American (colored).....	65
Adolphus Gouchoe, Jr....	French American.....	22
John Connors.....	Irish American.....	36
Miss Emily Caswell.....	American.....	30

There have been two deaths at city farm, as follows:

NAME.	NATIONALITY.	AGE.
David Dugan.....	Irish.....	73
Martin Kelly.....	Irish.....	66

There were four burials outside the city farm as follows:

NAME.	NATIONALITY.	AGE.
William Moody.....	American.....	40
Joseph Lapan.....	French.....	70
John Bowers.....	German.....	48
Mrs. James Armstrong....	Irish.....	28

NAMES, NUMBER IN FAMILY, NATIONALITY, AND AMOUNT OF ASSISTANCE TO PERSONS OUTSIDE THE CITY FARM.

NAME.	NO.	NATIONALITY.	AMOUNT.
Mrs. John Armstrong.....	4	Irish.....	\$ 21 00
Mrs. Agnes J. Baker.....	3	American.....	67 50
John Bowers.....	1	German.....	20 25
Daniel Barrell.....	1	Irish.....	2 76
Mrs. E. H. Caswell.....	2	American.....	2 00
Miss Emily Caswell.....	1	American.....	22 00
Mrs. John Clemons.....	2	English.....	20 00
James Cornell.....	3	American.....	3 00
Mrs. F. C. Carpenter.....	5	French.....	34 00
Mrs. Ellen Cronan.....	1	Irish.....	3 20
Miss Rena Clark.....	1	American (colored)...	304 31
John Connors.....	1	American (colored)...	22 50
Ellen and Mary Donovan..	2	American (colored)...	99 50
Fred Duclo.....	3	French.....	3 50
Mrs. John Dundon.....	2	American.....	3 00
Edwin Eaton.....	2	American.....	6 00
Mrs. Frank Elmore.....	1	American.....	17 00
W. P. Foster.....	1	American.....	2 75
John H. Farrell.....	4	American.....	3 25
Lee Gilmain.....	5	French.....	3 75
Mrs. Margaret Gider.....	1	French.....	1 88
Mrs. Moses Gordon.....	1	French.....	71 25
G. C. Gates.....	2	American.....	3 50
Adolphus Gouchoe, Jr....	1	French.....	22 00

Michael Waters.....	1 Irish.....	28 00
		<hr/> \$1,851 06

\* Not residents of the city.

The city farm buildings are in good condition and nothing more than ordinary repairs are needed at present. The land has been kept fairly manured, but I think all the street sweepings should be drawn to the farm, as it will save purchasing manure. We raised about 400 bushels of potatoes and the ordinary garden vegetables on the farm, and cut about 30 tons of hay, all of which produce will be used upon the farm, and to that extent the expense of procuring it elsewhere will be saved.

It will be seen that during the past year, I have expended less money than ever before in any one year in my department. Something over \$300

of my whole expenses was caused by the small-pox case of Rena Clark, for which we have a claim against Castleton.

Heretofore I have advocated an energetic prosecution of the claims against the different towns, and I could well repeat all I have said in former reports. The suit against Chittenden, for which we got a judgment of about \$600, is now in Supreme Court, as I understand, and will, I hope, soon be disposed of.

I return my thanks to the different city officials who have courteously co-operated with me in my department, and this, with good times, has had much to do with keeping down the expenditures.

JAMES BEATTIE,  
Overseer of the Poor.

The foregoing report sworn to before me this 17th day of January, A. D. 1902.

EDWARD DANA,  
Notary Public.

# REPORT OF THE CHIEF ENGINEER FIRE DEPARTMENT.

*To the Honorable City Council:*

GENTLEMEN:—In compliance with the laws and ordinances of the city, I herewith submit my report, including a complete record of fires from January 1 to December 31, 1901, and a detailed statement of fires and alarms that the department have responded to, also the cause of such fires, with the amount of insurance carried upon the property endangered and the total insurance paid thereon.

The manual force consists of eight permanent men and eighteen call men.

The current expenses for running the department for the past year were \$9,219.13, classified as follows:

Salaries, . . . . .	\$6,996 90
Forge for horses, . . . . .	398 49
Supplies, . . . . .	132 36
Laundry, . . . . .	45 36
Horse shoeing, . . . . .	70 25
Telephones, . . . . .	55 60
Veterinary services, . . . . .	8 80
Fire alarm supplies, . . . . .	269 88
Repairs, . . . . .	189 59
Painting station No. 1 . . . . .	102 00
Repairs at station No. 2, . . . . .	336 72

Painting and repairing hose	
wagon No. 1, . . . . .	60 00
Fuel for stations Nos. 1 and 2, . . . . .	107 05
Lighting stations Nos. 1 and 2, . . . . .	136 53
500 feet new hose, . . . . .	290 00
Miscellaneous expenses, . . . . .	19 60
	<hr/>
	\$9,219 13

Appropriation, . . . . .	\$9,000 00
Balance from 1900, . . . . .	353 97
Old material sold, . . . . .	39 90
	<hr/>
	\$9,393 87
Current expenses, . . . . .	9,219 13
	<hr/>
Unexpended balance, . . . . .	\$ 174 74

Your apparatus for extinguishing fires consists of:

One Amoskeag steam fire engine.

One Hayes 65 foot aerial hook and ladder truck complete.

Two hose wagons, capacity 1500 feet hose, each fully equipped with extinguishers, play-pipes, axes, six rubber covers, short ladders, etc.

Four horses.

1650 feet 2½ inch cotton hose, new condition.

1500 feet 2½ inch cotton hose, good condition.

1000 feet 2½ inch cotton hose, fair condition.

300 feet 2½ inch cotton hose, poor condition.

The estimated value of property in charge of the department December 31, 1901, not including station No. 1, is \$16,514.80. Schedules in details are on file at the city clerk's office, also at the department's headquarters.

The department has answered the largest number of calls this year than any previous year

in the history of the department. May 24th the department had the misfortune to be burned out of its quarters at station No. 1, in the city hall. This compelled them to move out for repairs and somewhat handicapped the department in its work. By the courtesy of George T. Chaffee, who tendered the department the free use of his barn on South Main street for a temporary station till the old station at city hall could be rebuilt and refitted, the Chaffee barn is still in use as a station.

#### FIRE ALARM SYSTEM.

This branch of the service has given us more trouble this year than any previous year. After the fire at city hall we had to remove the repeater and other instruments and place the system in one circuit instead of three. Also the electric light wires have given us more trouble than ever before, and some provisions should be made in regard to the rights of the fire alarm. The city has the right of the top three feet of all poles and it should be maintained for the exclusive use of the fire alarm system.

#### RECOMMENDATIONS.

For the improvement and efficiency of the department, I desire to make the following recommendations, which I deem essential, and which I trust will meet with your approval.

I would again recommend that a fire alarm box be placed at the corner of Robbins and Baxter streets, as one is very much needed in that locality.

As it will be now but a short time before we shall be in our new station, I would call your attention to the necessity of purchasing a span of horses to draw the aerial hook and ladder truck.

The amount of hose in the department is small, and I would recommend the purchasing of 1000 feet more for the coming year. Some of our hose is getting old and cannot be relied on much longer for service.

Repairs at station No. 2, which I recommended in my previous report, have been completed except the outside of the buildings, which should be painted, as it is in poor condition and should be attended to.

#### CONCLUSION.

In conclusion I wish to express my thanks to your honorable body and to the committee on fire department, to the officers and members of the department for the very satisfactory manner in which they have, under all circumstances, performed their duties; and to the police department, which at all times worked in harmony, and by its timely aid rendered invaluable assistance, I wish to express my kind consideration. I wish to express my thanks to his honor the mayor, and all other city officials with whom I have had official dealings, for their kind and courteous attention.

Respectfully submitted,

G. W. DUNTON,

Chief Fire Department.

## REPORT OF THE CHIEF OF POLICE.

*To the Honorable City Council:—*

In accordance with the requirements of the city ordinances, I respectfully submit to your honorable board my report as chief of police for the year ending December 31, 1901.

Your police force, as now constituted, consists of a chief of police, who is also a regular patrolman, three regular patrolmen, and thirty-five special police officers. On several occasions, when regular patrolmen, by reason of sickness or from any other cause, have been unable to patrol the streets, I have called upon special policemen to take their place, and in every instance, I am pleased to say, the special policemen assigned have performed their work in a thoroughly satisfactory manner.

### WHOLE NUMBER OF ARRESTS.

During the year just passed the whole number of arrests have been 213; made up as follows:—males, 191, females, 22.

### CAUSES OF ARREST.

The causes of arrest have been as follows:—Intoxication, 97; selling and keeping, 44; breach of the peace, 32; riding bicycles upon the sidewalk, 9; petit larceny, 7; tramping, 4; obtaining liquor from the city liquor agent under false pretenses, 4; peddling without a license, 3; re-

fusing to pay car fare, 3; obtaining goods under false pretenses, 3; grand larceny, 2; assault, 2; open and gross lewdness, 1; resisting an officer, 1; adultery, 1.

### INVENTORY OF POLICE PROPERTY.

The property of your police department is as follows: 1 roll-top desk, 3 record books, 5 chairs, 6 mattresses, 4 blankets, 3 cuspidors, 1 pail, 1 mop, 1 broom, 4 police over-coats (old), 4 police over-coats (new), 4 helmets (old), 4 helmets (new), 4 belts and night-sticks, 4 police billies, 6 regular police badges, 25 special police badges, 4 pair twisters, 2 pair handcuffs and 2 police lanterns.

### PROTECTION OF PROPERTY.

Every policeman should be zealous in the protection of property and it is the duty of your patrolmen to examine each building upon their respective beats and report to property owners any case of negligence in regard to the locking of front and rear doors. During the past year twelve front doors have been found unlocked and five back doors have been found in similar condition. In each case the proprietors have been notified at once. On three occasions your patrolmen have found goods upon the sidewalk, after stores have closed. Such property has been promptly restored to the owners. On another occasion, what might have been a great calamity in the heart of the business portion of our city, was averted by the promptness with which one of your patrolmen located the position of a fire and rang in the alarm.

## THE CURFEW ORDINANCE.

Your honorable board has recently enacted a curfew ordinance and I have been interested in observing its operation. The results so far, have been everything that could be desired, and if this ordinance is observed during the summer months in the manner in which it has been observed hitherto, it will certainly prove to be a great blessing.

## BICYCLE RIDING UPON THE SIDEWALKS.

During the spring and early summer repeated complaints were received in regard to the riding of bicycles upon the sidewalks of the city. Although it was a disagreeable duty, vigorous measures were adopted by your patrolmen with the result that this breach of law and imposition upon pedestrians has been almost entirely stopped.

## THE POLICE FORCE.

Your police force as at present constituted is smaller than during the year 1900-1901, your honorable board in making this reduction has, doubtless been actuated by a desire to keep municipal expenses within reasonable bounds. Your patrolmen have had absolute confidence in each other and have done their best to preserve peace and order in our streets and to protect life and property. I therefore hope that this reduction in numbers has not been accompanied by any corresponding diminution in the orderly condition of things, and that the police force retains that confidence from the public which they have faithfully sought to obtain.

During the recent repairs upon our city hall, the police force, in common with the other departments of our municipal government, have been handicapped for lack of suitable accommodations, not only for the patrolmen, but also for the temporary confinement of prisoners. With the completion of the city hall, these things will be remedied, and any temporary inconvenience more than compensated for.

I take advantage of this opportunity to extend to the regular patrolmen and special policemen of this city, my most sincere and grateful thanks for the very ready and efficient assistance that they have rendered during the past year, and for the fearless and impartial manner in which they have discharged their duty

Respectfully,

J. W. BLANCHARD,  
Chief of Police.

## REPORT OF THE TRUANT OFFICERS.

*To The Honorable City Council:—*

As truant officer, I herewith submit the following report for year ending December 31, 1901:—

Absentees reported,	-	-	-	25
Committed to Industrial School,	-	-	-	5

Respectfully,

JOHN W. BRISLIN,  
Truant Officer.

*To the Honorable City Council:*

GENTLEMEN :—I herewith present my report as truant officer for the year beginning September 1, 1901, and ending December 31, 1901 :—

No. of absentees reported,	-	-	-	45
“ families visited,	-	-	-	27

I find that one of our principal causes of truacy is lack of interest the parents have for their own children ; cases are rare where poverty is not due to shiftlessness, and I wish to extend my sincere thanks to Supt. Frasier for the assistance he has rendered me. I am, yours respectfully,

E. S. WHITTAKER,  
Truant Officer.

## REPORT OF THE CITY ATTORNEY.

*To the Honorable City Council:*

GENTLEMEN :—In compliance with the ordinances of this city, I have the honor of submitting the following report as city attorney for the year ending December 31, 1901:—

The city has been extremely fortunate during the past year in respect to litigation. No new cases have been begun either for or against the city.

The case of *City of Rutland v. Bridport*, in which terms of settlement was reported to have been agreed upon, the terms have been complied with and the suit discontinued.

*A. F. Davis v. City of Rutland*, on appeal to the county court from the judgment of commissioners in respect to the award of certain land damages is still pending.

*A. F. Davis v. City of Rutland*, a bill in chancery for an injunction against the discharge of sewage in Moon brook is also still pending.

*Frenier & LeBlanc v. City of Rutland*, for polluting of Tenney brook is also still pending. We expect to be able to get these last three cases off the docket at the coming term with little, if any, additional expense to the city.

*L. H. McIntyre v. J. D. Spellman and E. D. Kennedy*, for injunction, in which there was contempt proceedings last year, has been discontinued.

*City of Rutland v. Town of Chittenden*, is a suit for the support of a pauper which was pending at last report in the supreme court. This case was argued at the supreme court at the May term, 1901, and is still with the court undecided. We hope to get a decision at the coming term.

*Thomson v. City of Rutland*, is a petition to foreclose a mortgage upon the Daniel Hilliard property on Terrill street, and for an injunction.

*City of Rutland v. Reardon, et al*, is a petition for contribution for the support of an insane person. This was the case referred to as having been started in the probate court last year. The purpose for which the suit was begun has been effected, and the defendants are now furnishing the support and maintenance called for by the petition. We expect that we may be able to dispose of this case without further hearing.

*Graves v. City of Rutland*, an action brought for two year's rent of the building on Court square for school purposes. After carefully considering the facts and circumstances under which this rent was claimed to have accrued, and after consultation with members of the school board, most conversant with the facts, with their approval, I have compromised this suit at \$75 including all costs. Stipulation of discontinuance has been filed and the case will go off the docket at the coming term of court.

Several minor claims against the city have been disposed of without litigation and the legal affairs of the city, so far as I am able to judge, are in excellent condition.

F. M. BUTLER,  
City Attorney.

## REPORT OF THE BOARD OF HEALTH.

*To the Mayor and Board of Aldermen of the City of Rutland:—*

I have the honor to present my second annual report concerning the operations of the health department and the condition of public health in the city.

### MORTALITY.

The total number of deaths during the year was 195, as follows:

	Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Total.
Males.....	12	7	10	11	7	8	7	9	4	4	1	8	88
Females...	9	10	11	13	10	9	6	7	10	8	4	10	107
													195

Of the total number of deaths, 140 were American born, 33 were Irish, 12 were Canadian, 3 were Scotch, 1 Nova Scotian, 1 English, 1 German and 1 Chinese.

## SOCIAL STATE.

	Male.	Female.
Single.....	37	35
Married.....	55	67
Divorced.....	0	0
Not stated.....	0	1

Still-born—Males, 8; females, 2. Premature births—Males, 1; females, 2.

The death rate per 1000 population, estimated at 13,000, was 15, not reckoning still-births. The fewest deaths during the year occurred in the month of November, when there were but five deaths, the lowest in any month during my term of office. The highest death rate was in the month of April, when the number of deaths reached 24.

The following is a classified list of deaths which occurred during the year, and the Bertillon system of classification has been followed, the same as last year, as per advice of the state board of health:

## BURIALS.

## EPIDEMIC DISEASES.

It is most pleasing to report that there has been a marked decrease in the death rate from epidemic diseases, there being only one death from each of diphtheria, whooping cough and typhoid fever during the year.

The following table shows the number of contagious and infectious diseases reported during the year by months, with the total for the year:—

	Diphtheria	Scarlet fever	Typhoid fever	Measles	Erysipelas	Small pox	Spinal meningitis	Whooping cough
January.....	12	0	4	0	0	0	1	42
February.....	2	1	1	0	0	0	0	0
March.....	3	2	1	0	1	0	0	0
April.....	3	1	0	0	0	0	0	0
May.....	7	5	0	4	0	0	0	0
June.....	3	0	0	8	0	1	0	0
July.....	2	1	1	20	0	3	0	0

## TYPHOID FEVER.

Of the 23 cases of typhoid fever reported during the year, 12 cases were railroad men. As no other cases developed in the families or in the vicinity where these men lived, it is fair to presume that they contracted the disease along the line of the Rutland railroad, probably from drinking water.

Of the other cases one was imported from Bennington, one from Middlebury, one from Belows Falls, one from Shrewsbury and one from

the Town of Rutland. Only 5 cases were reported as having been contracted in the city, and of this number one case was considered doubtful.

The officials of the Rutland railroad were communicated with about the number of cases of typhoid fever among their employes with the happy result, that they agreed with the suggestions made and have already instituted an examination of all drinking water along their lines, by securing samples which will be analyzed at the laboratory of hygiene at Burlington.

It is fully believed that a more careful use of water by the railroad employes along their runs will greatly lessen the sickness from this dread disease.

The largest death rate was from tuberculosis, the number being 22. The next was from heart disease, the number being 17, and the next was from apoplexy, 15.

The largest number of deaths occurred among persons between the ages of 60 and 80, the total being 57.

In July we had our first experience with small-pox. Owing to the prevalence of the disease throughout the country, the isolation hospital had been put in perfect order for the reception of any emergency. The first case was of a child who came here from the west. Dr. Caverly, the chairman of the state board of health, was called. He quickly recognized the symptoms, and the child with its mother were removed from the public house where they were staying, the apartments thoroughly disinfected, and only the mother developed the disease from exposure.

In August another case of small pox was dis-

covered by Dr. Newell on Woodstock avenue. This one was a young mulatto girl, who had been exposed to the disease in Castleton. She had been around the city stopping at several houses and coming in contact with many persons. She was removed to the isolation hospital, her apartments disinfected and all persons with whom she had come in contact were strictly watched and regularly examined by the city physician, Dr. Hodsdon, during the period of incubation. Only one case, however, developed from exposure. The measure adopted may seem rather severe, but I am confident that the result fully justified the means.

Just a word in regard to the location of the isolation hospital. First, it is too far away and difficult to get at, it being necessary to drive through a cow yard and lane and pasture to get to it. It is exposed in summer to the direct rays of the sun, making it uncomfortably hot, and in winter to blizzards of the north, and harder to get at. Unquestionably the city ought to provide a building nearer and more convenient, so that it can be used for all contagious diseases. It is my judgment that the city should provide an isolation hospital more convenient and in a better location. The barn in the rear of the city hospital on Nichols street is thoroughly built and at a comparatively small expense could be altered and made into a comfortable and convenient hospital for contagious diseases, within easy call of all physicians and nurses.

#### TETANUS.

There have been so many cases of tetanus, or lockjaw, and death following vaccination that I feel called upon to warn the public of the possible danger that might follow from the use of im-

pure virus. Some very sore arms have resulted from vaccination with certain specimens of vaccine, but a sore arm is no indication of protective value against small pox. The use of impure vaccine virus certainly opens a field for tetanus, erysipelas and various forms of blood poisoning. So the greatest care should be adopted by patients desiring vaccination, and by the physicians and druggists in securing vaccine virus only from manufacturers of known probity and reliability.

#### NUISANCES.

There have been 204 complaints of nuisances during the year, and there has followed a very general improvement in the matter of throwing garbage and kitchen refuse around premises. Many housekeepers have taken the advice given them, and have cremated their kitchen refuse by placing it on the oven top of their kitchen ranges. This can be so easily done without injury to the range and without deadening the fire, as would happen from depositing it on the live coals in the fire box, that, once tried, I believe it would be very generally adopted, and I most heartily recommend it.

#### REAR OF BLOCKS.

In the rear of business blocks in the central part of the city, which have been so badly kept, there has been a fairly reasonable improvement, but not till the city puts on a sanitary cart and regularly collects the ashes and waste material may we expect anything like decency and right conditions. The expense for such collection would be so infinitesimal, as compared with the benefit to be derived, that it seems almost ridiculous to be obliged to call attention to it.

## WATER.

For the health of our people there is nothing more essential than pure water, and there is no excuse for not having it. During the year I have collected 32 samples of water from the reservoirs and from different branches of the streams that supply us. These samples have been forwarded to the laboratory of hygiene at Burlington for analysis. While the chemical analysis has in most cases proved the water to be of good quality the bacteriological analysis has invariably shown the water to contain the Colon bacillus, which means that the water we drink is polluted by sewage.

Upon inspection it was found that sink drains and water closets were being emptied directly into the stream. The leaching from manure heaps, barnyards, even privies, into the stream every time it rains is a constant menace.

The users of water are paying over \$26,000 annually and they are entitled to be furnished with pure water. Instead of applying the receipts from water rates for the benefit of the users the money has been spent for other purposes. If the receipts from water rates had been used for paying off the water bonds since we became a city we would not now be owing a cent.

There has been a little disagreement in regard to the best method of improving the quality of the water. I contend that the best way is to prevent contamination, by either buying out the offending parties or forcing them to amend the difficulty, while some others think a filtration plant would be the better way. Filtration can be made to nearly extract the germs, but the establishment of a filtration plant would cost a large sum and there

would be a continuous expense to maintain it. I contend that many of the parties whose waste contaminates the stream could be bought out for much less than it would cost to establish a filtration plant. And further to prevent pollution is the most logical and by far the better way—"prevention being far better than cure." I call your attention to this important matter and urge you strongly to take immediate steps for the purification of our water supply.

## MILK.

During the year I have inspected many stables where milk is produced for this city. Not one was discovered that would meet the requirements of a clean, wholesome sanitary barn, suitable for a good healthy dairy herd. The average stable inspected was low, dark, dusty, unventilated, milk being strained just back of the cows in an atmosphere fetid with strong odors. Agitation has caused some improvement; wagons are now cleaner and utensils are better kept, but there is need of still further improvement. Milk sold in the city should be delivered in sterilized glass bottles, filled in a clean, dry room where the air is pure and sweet and entirely separated from the stable, and the milk should be produced from perfectly healthy cows that have been examined by a skilled veterinarian at least twice a year. The animals should be housed in well ventilated stables, lighted and drained, with no cellar below and no storage loft above.

I cannot urge too strongly the need of a stringent ordinance regulating the sale of milk in the city. There are now in this city two producers of milk who are trying to produce pure milk, deliver-

ing it in sterilized bottles. The advantages are so many to the consumer that it would seem that the consumers would demand that their milk be delivered that way.

#### SANITARY INSPECTION.

I have made 173 sanitary inspections during the year, and have written about the same number of orders to connect property with the sewer where there was one in the street and put in plumbing and water closets, with the result that there have been over 200 water closets put in, and very many of those "temples of defame and graves of decency" have been removed.

The inspection has not been thoroughly systematic, nevertheless, it is very gratifying to report that many eyesores have been removed and the comfort and health of the community improved.

For two successive years I have called attention of the board of aldermen to the necessity of building a few short lines of sewers that are very much needed in rather thickly settled neighborhoods, but for some reason the street department has failed to act, and certain premises continue to remain in a very unsanitary condition, a menace to the entire community.

The orders of the health officers have been very generally complied with, especially so among the class whose means are not the best.

The most notable improvement was a tenement occupied by a large number of persons in the center of the city, where the sink drains emptied into the basement, directly under the house, filling it with offensive odors. The owner readily complied with the order to improve, and old sheds,

privies, and other unsightly buildings were removed, modern plumbing with sewer connections and nine water closets were put in, the buildings painted. A menacing piece of property and miserable eyesore was thus transformed into a healthful and not unsightly estate.

The most notable non-compliance with the order to improve and to comply with the city ordinances and laws of the state has been among those who could well afford to improve and whose property has received all the benefits of water mains, sewers, sidewalks and macadam roadways.

#### SCHOOL INSPECTION.

In consequence of many cases of contagious disease being reported among scholars going to the Woodstock avenue school, I inspected the school house and found the condition insanitary in the extreme.

The rooms were filled with odors from the water closets, which open directly from the school rooms. There is no cellar under the building and the floors are cold and uncomfortable. In winter it is heated by stoves without ventilation as required, making portions of the rooms uncomfortably warm, while other parts are as uncomfortably cold. The attention of the school board was called to the sickness prevailing in this school, to the insanitary condition with the result that there has been some slight improvement, extra vestibules were added to the entrances, which makes the clothes rooms warmer. A stove has been put in the room containing the water closets, with ventilation from the closets. In this way the air of the school room has been bettered. Still it is neither satisfactory or adequate for the requirements of that part of

the city. One of the rooms is certainly overcrowded, and some children are required to attend the Church street school, which is quite a long distance for them to walk.

The committee agreed to have plans prepared for a new building, but as yet nothing appears to have been done. There is great need of a new building with more rooms to accommodate the growing need of this part of our city.

#### PLUMBING.

I have inspected 121 jobs of plumbing during the year. It is quite gratifying to say that there has been an improvement in the work; soil pipe is being put in more methodically, and the average calked joint is better filled and smoother. I have asked for sewers in several streets, notably West street, from the railroad crossing to Meadow street; Franklin street from Spruce street—both short lines—and Forest street from South street, running south to Plain street, where we have had several cases of diphtheria, due, probably to the lack of drainage for the dwellings. These sewers ought to be put in at the earliest moment possible this coming spring.

EDGAR B. MOORE,  
Health Officer.

## REPORT OF THE CITY PHYSICIAN.

---

*To the Honorable City Council:*

GENTLEMEN:—I respectfully submit herewith my annual report as city physician for the year ending December 31, 1901:

During the past year, I have had quite a good many sick and some very bad cases. Most of these we have succeeded in sending to the hospital.

There has been about the average number of deaths, five in all, only two of these occurring at city farm. All were old people and chronic cases of several years duration.

We have during the past summer passed through a mild epidemic of small pox and were fortunate enough to have only one case under the care of the city.

W. G. HODSDON,  
City Physician.

# REPORT OF THE INSPECTOR OF BUILDINGS.

*To The Honorable: City Council:*

GENTLEMEN:—In accordance with custom and in obedience to city regulations, I have the honor of herewith submitting my report for the year ending December 31, 1901:

Dwellings built, . . . .	14
Dwellings repaired, . . . .	27
Piazzas built, . . . .	16
Piazzas repaired, . . . .	5
Offices built, . . . .	5
Offices repaired, . . . .	2
Additions to houses, . . . .	17
Additions to blocks, . . . .	2
Plate glass fronts, . . . .	1
Blocks repaired, . . . .	4
Green houses repaired, . . . .	2
Sheds built, . . . .	18
Sheds repaired, . . . .	9
Barns built, . . . .	16
Barns repaired, . . . .	10
Hen houses built, . . . .	5
Addition to barn, . . . .	1
Shops built, . . . .	1
Wrapper factory repaired, . . . .	1
Saw mill repaired, . . . .	2
Wood shops repaired, . . . .	3
Wagon sheds, . . . .	2

## CITY OF RUTLAND

Respectfully,  
EDGAR H. WOOD, Agent.

## Report of the President

OF THE

## Board of School Commissioners.

*to the Citizens of the City of Rutland:—*

Regarded with reference to taxation or the issue of bonds, the suggestion of the necessity of further school house expansion will not be pleasant; but considered as an evidence of the growth and increasing prosperity of the city, it will be very gratifying. Although we can point to a number of excellent school buildings, our school house construction has reached that point where it has not kept pace with school attendance. The school commissioners are renting from three private parties buildings for school purposes, because the schools could not all be accommodated in the regular public school buildings.

The slight increase during the past year in school expenses is more than accounted for by the increase in enrollment, an increase three times greater than the previous year, and in this connection a few comparisons with former years may not be out of order, and will enable every one interested to understand the situation intelligently. We were practically at a standstill in 1897.

	1897.	1900.	1901.
School attendance, . . .	1529	1695	1880
Number of teachers, . . .	50	53	58

	1897.	1900.	1901.
Spring term attendance, .		1695	1763
Fall term attendance, .		1705	1861
Winter term attendance, .		1701	1880

The average attendance in 1901 was 1812 with an increase of 179 in winter term of 1900, but the average attendance for the year 1901 was 207 over previous year. This would mean an increase in population of about 900 on the basis of the usual manner of calculation. The following table of comparison will interest all:

	1897.	1900.	1901.
Expenses of schools,.....	\$37,032 63	\$37,750 50	\$42,422 60
Appropriation raised by taxation.....	35,000 00	35,000 00	36,000 00

The balance of expenses over the appropriation is met by income from state tax, Huntington fund, interest, tuition, etc. The school board, since the city was organized, has never exceeded the amount of funds to its credit in any one year.

	1897.	1900.	1901.
Balance with treasurer January 1	\$3,657 92	\$9,169 24	\$5,708 91
Warrants drawn in year.....	37,032 63	37,150 59	42,422 60

This shows the amount paid out in 1901 in excess of year 1900 on warrants as \$4,672.01, with, however, a balance in treasurer's hands unexpended of \$5,708.91. This extra expenditure any fair-minded person would say was absolutely necessary when compared with the large increase of enrollment (about 200) in past year, with an increase in appropriation of only \$1,000 over former years.

The excess in repairs in 1901 over 1900 was . . . . .	\$1,762 03
The excess in pay rolls in 1901 over 1900 was . . . . .	2,226 72

The excess in cost of free text books in 1901 over 1900 was . . . . .	1,124 75
---	----------

Necessary extra expenses 1901 over 1900, . . . . .	\$5,113 50
--	------------

We saved, in other departments, something, so that we actually paid out in year 1901 only \$4,672.01 in excess of year 1900, with balance in treasurer's hands within \$3,460.33 of former year.

A comparison with our neighbors on expenses is sometimes profitable. How does the school expenses of Burlington compare with Rutland? The figures for Burlington are taken in part from a recent public report.

	1901.	Burlington.	Rutland.
Receipts from all sources,	\$64,044 49		\$48,131 51
Paid out on warrants,	63,973 64		42,422 60
Cash on hand December 31,	70 85		5,708 91
Average cost per pupil,	31 21		23 41
Appropriation for schools,	56,000 00		36,000 00
Average school attendance,	2,050		1,812

It is interesting also to compare the different accounts, so far as we can on which expenditures were made.

	1901.	Burlington.	Rutland.
Pay roll for schools,	\$43,354 51		\$29,854 51
Repairs, . . . . .	2,415 14		2,917 86
Fuel and lights, . . . . .	5,994 90		3,681 42
Supplies and apparatus, . . . . .	5,001 64		2,257 83
School census, . . . . .	176 12		114 24
Sundries and miscellaneous, . . . . .	6,049 31		3,596 74
Overdrafts previous year, , . . . . .	982 02		None.
	<u>\$63,973 64</u>		<u>\$42,422 60</u>

Burlington's average school attendance is about 12 per cent more than Rutland, their expenses 50 per cent higher.

It will be noticed that our repairs exceed the corresponding item in above table by \$500. We had to make our own repairs on outside rented buildings, also improve the heating methods in several public school buildings.

Doubtless the taxpayers wish to maintain the public schools of Rutland in such a manner that they will continue to compare favorably, financially and otherwise, with any other schools.

By reference to the city report for 1897, published in January, 1898, you will find a table carefully compiled, comparing favorably the school statistics from 29 towns and cities in New England with Rutland. Returns have not been received from all for past three years, but will be published later. We must stop growing if we wish to stop increasing our school expenses.

The loyalty with which the people of Rutland stand by their public schools is worthy of recognition and praise. Everyone is proud of our schools; we must meet the problem of increasing population. How great would be the advantage to pupils and teachers in the high and grammar schools, can hardly be appreciated by those who are not connected with the schools, if we could have the present so-called high school building enlarged. We are paying quite a large amount for rent to private parties that could in part be saved if the Center street building should have an addition built in the rear, on land owned by the city. The voters are the ones to say what shall be done, and with the facts given the case rests with

them. The school board are your servants, and if the conditions require the expenditure of more money, they are not to be censured. We refer the tax-payers to the school manual for full report of schools for the school year ending July 1, 1901, and to the report of the superintendent of schools for further statistics.

Board of School Commissioners,

EGBERT C. TUTTLE, President.

## STATISTICS FROM THE SUPERINTENDENT OF SCHOOLS

TO THE HONORABLE CITY COUNCIL:—

In compliance with the law, I submit the following report:

Number of school children in city between 5  
and 18 years of age, . . . . . 2856

Number by wards as follows:

Ward one, 208; ward two, 286; ward three,  
187; ward four, 96; ward five, 308; ward six,  
413; ward seven, 337; ward eight, 344; ward  
nine, 221; ward ten, 213; ward eleven, 243.

Boys, . . . . . 1368

Girls, . . . . . 1488

Number of kindergarten schools, . . . . . 3

Number of kindergarten children, . . . . . 94

Number of public school buildings, . . . . . 9

Number of school rooms in use, . . . . . 51

High school, 6; grammar, 8; intermediate, 14;  
primary, 18; kindergarten, 3; commercial  
department, 2.

Number of rooms occupied outside of pub-  
lic school buildings, . . . . . 5

Number of regular teachers with superin-  
tendent, . . . . . 58

Number of regular pupil teachers and sub-  
stitutes, . . . . . 5

Number of graduated pupil teachers, . . . . . 5

High school teachers, . . . . . 6

## CITY OF RUTLAND

139

Grammar school teachers, . . . . . 7

Intermediate school teachers, . . . . . 14

Primary school teachers, . . . . . 18

Kindergarten teachers, . . . . . 3

Kindergarten assistants, . . . . . 3

Penmanship and commercial department  
teachers, . . . . .

Supervisor of drawing, . . . . . 1

Supervisor of music, . . . . . 1

Teacher of physical culture and elocution, . . . . . 1

Superintendent of schools, . . . . . 1

Number of substitutes, . . . . . 1

Number of pupil teachers, . . . . . 4

Number of janitors, . . . . . 6

Number of truant officers, . . . . . 2

Whole number of pupils enrolled in public  
schools during fall term 1901, . . . . . 1861

Males, . . . . . 886

Females, . . . . . 975

Largest number in attendance at any one  
time, . . . . . 1855

Average attendance (1900-1901), . . . . . 1812

Increase in average attendance over pre-  
vious year, . . . . . 207

### REGISTRATION IN EACH BUILDING.

Center street building, . . . . . 245

Church street building, . . . . . 336

Boulevard building, . . . . . 242

Pine street building, pupils, 173; kinder-  
garten, 28, . . . . . 201

Watkins avenue building, . . . . . 154

Madison street building, . . . . . 165

School street building, . . . . . 117

Park street building, . . . . . 141

Woodstock avenue building, . . . . . 82

inspections and discoveries, we think the most hazardous place of all, and one that if it had ever caught fire would have done more damage to the business section of our city than anything else, was the discovery of ninety-three barrels full of kerosene oil in an old storehouse, built of wood, not four rods from the Berwick House Annex, and when the parties were notified, said they could not understand why we should want it removed, as they had kept it there for the last four or five years, but the parties had the same removed within forty-eight hours. As has been suggested to the city council before, I, as fire marshal, would suggest that the occupant or owner should be required to place all ashes and other rubbish in an iron receptacle, within the fire district, and that the same should be placed in some convenient place and removed by the city cart at least once a week, and I think if this could be done, it would tend to lessen our fire hazards and reduce our insurance rates.

I have sent out the following notices, ending December 31st, 1901:

	Written.	Verbal.		Written.	Verbal.
April.....	36	16	September.....	24	5
May.....	16	2	October.....	20	3
June.....	5	3	November.....	16	5
July.....	13	3	December.....	1	2
August.....	5	2	Total.....	136	41

I have inspected the following number of places during the nine months in which I have been fire marshal:

	Inspe's.	Places.		Inspe's.	Places.
April.....	11	98	September.....	5	103
May.....	10	37	October.....	6	43
June.....	5	19	November.....	8	21
July.....	5	24	December.....	2	3
August.....	8	12	Total.....	60	360

Our fire department has been handicapped this season by having to work under difficulties on account of the city hall fire and the repairs on same. I feel greatly indebted to Chief Dunton for the assistance which he has given me in trying to remedy the hazardous conditions which have existed.

Respectfully submitted,

J. C. DUNN, Fire Marshal.

## REPORT OF THE CEMETERY COMMISSIONERS.

*City of Rutland, in Account with Cemetery Commissioners:—*

By two appropriations,	\$75 00
To paid H. J. Heath, cutting grass,	\$10 00
To paid R. B. Davis, repairing fence,	2 31
To paid Chas. Sanford, resetting stones, etc.,	58 75
To paid team work,	2 50
To paid cement,	3 00

\$76 56

By old sockets sold,	1 75
	74 81

Balance, \$ 19

Your cemetery commissioners have had all the grave stones righted up and many reset in heir sockets, and the ground leveled off to some extent in the West street cemetery.

The cemetery on North Main street has had the fence repaired, but nothing done in righting up the stones or leveling off the grounds where bodies have been removed. This is one reason why both cemeteries have been so bad to cut and remove the grass, the hay not paying for the extra work. The front part, at least, of the fences should

soon have another coat of paint, and the leveling off completed. A small appropriation each year will soon put them in respectable condition.

Respectfully submitted,

W. A. PATRICK,  
DON C. WILKINSON,  
Cemetery Commissioners.

## REPORT OF THE CITY AUDITORS.

---

*To the Honorable City Council:—*

In compliance with section 7, chapter 7, of the city ordinances, the undersigned, auditors of the city of Rutland, herewith submit their report for the year ending December 31, 1901.

We have made a careful examination of the books of the city treasurer, city clerk, city liquor agent, overseer of the poor and trustees of the sinking fund. We have found the books of these city officials to have been kept in a neat and satisfactory manner. All the money received by them has been properly entered and accounted for, and for all the expenditures by them proper warrants and vouchers have been found to be on file.

We have also examined the books of the school commissioners, and have found, that for all warrants drawn by said commissioners upon the city treasurer, the proper vouchers are on file.

Respectfully submitted,

JOHN E. MORISON,  
C. TURNER,  
C. M. LYMAN, } Auditors.

## REPORT OF THE RUTLAND HOSPITAL.

---

Your committee have granted twenty-nine applications for admission to the Rutland hospital for the year ending December 31, 1901. Twenty-seven of these were admitted and remained in all eight hundred and forty-seven days, or about twenty-eight months for one person. The longest time for any one person was seventy days, and the shortest three days.

Permits were granted on recommendation of attending physician and we believe in every case to worthy recipients; also that they would not have otherwise had the benefit of hospital treatment.

Respectfully submitted,

HUGH DUFFY,  
J. C. TEMPLE,  
F. W. GARY,  
Committee.

## REPORT OF THE RUTLAND FREE LIBRARY.

---
